Continuation of Substance of Interview including description of the general nature of what was discussed:

The Examiner informed the Applicant that the replacement drawings filed on February 5, 2010 are not identical in content to the replacement drawings filed on August 2, 2007 and April 17, 2008 as evidenced by the fact that FIG. 7 filed on February 5, 2010 does not show the plane P which is perpendicular to the operating axis X as shown in FIG. 7 filed on August 2, 2007 and April 17, 2008. Applicant agreed to an Examiner's Amendment to add the plane P in FIG. 7 in the replacement drawings filed on February 5, 2010 as shown in the FIG. 7 filed on April 17, 2008 in order to put the case in the condition for allowance.
